

YOUR DREAM RETIREMENT

How to Strategically Plan &
Tactically Manage Your Retirement

Knowledge is empowering, and there is no better feeling than to make important decisions and feel great about them. This class was created to help those preparing for retirement and for those who have already retired, to be confident that they can answer the #1 question retirees have...

"Will I outlive my money"?

What You Will Learn

- How to manage the 5 most important Risk Factors in Retirement
- What Planning Concepts/Myths are True and which are False
- When to start Social Security and how to Maximize your Benefits with your other assets
- What are the 6 Pillars of Retirement Income and how to use them
- How all of your Retirement Assets work together to create your personal retirement plan
- Who is the right type of advisor for you?

Who Should Attend

- Couples and Individuals between the ages of 55 and 70
- Those who feel uncertain about where the market is and the uncertainty that surrounds it
- If you are looking for retirement answers and not the same old advice that may not work in today's world
- Those who want to be informed and make their own educated decisions about retirement

Why is this class so timely? There are numerous factors that can upend retirement plans across the country. Being educated on what those factors are and how to avoid or mitigate them can save you and your family from the heartache of unnecessary financial stress. Retirement comes around only once.
